# NEW YORK'S NATURAL PHARMACY

**T**he nutraceutical industry is experiencing radical change. Consumers are considerably more knowledgeable and sophisticated; they are seeking responsible health information and nutraceutical formulas that rise above the norm. In response to these evolving consumer demands, Hickey Chemists/ **InVite** Health always delivers science-based information and evidence-based nutritional formulas. In order to ensure the highest production standards, we have designed exclusively pharmaceutical grade (GMP) formulations. Simultaneously, we have narrowed our retail focus emphasizing only those nutraceutical lines that live up to the same exacting standards.

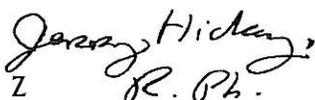

Additionally, we are designing our new stores to create a unique shopping experience. Instead of aisles and aisles of products in a supermarket type atmosphere, the Hickey Chemists retail environment is akin to an intimate boutique setting. We offer only elite professional lines accompanied by extensive informational support. Each boutique will feature a full time health care professional for nutritional counseling, and a complete library of nutraceutical spotlights for all of the Hickey Chemists nutritional formulas. At Hickey Chemists, we offer you the tools to make well-informed health decisions so vital for you and your family.

It is important to underscore that by featuring only the premier lines in our industry, we are able to provide a better selection of those lines. Simultaneously, Hickey Chemists becomes a more important customer to those companies, translating into the highest possible quality at the lowest possible prices.

These initiatives have enabled us to experience substantial growth in our retail chain, mail order and **InVite** wholesale sales. And we are now proud to announce the opening of our 5th Hickey Chemists location on Continental Avenue in Forest Hills. We owe it all to you - our valued Hickey Chemists/ **InVite** Health customer.

For the past sixteen years Hickey Chemists has been a driving force in the world of anti-aging and condition-specific nutrition. We now invite you to join us on an extraordinary journey to new frontiers in prevention and life extension.

Thank you for all your support

Jerry Hickey, R.Ph.  
President / Hickey Chemists

**Gil DuRapau, PT** is a licensed pharmacy technician interested in helping the public as much as possible. He entered his field with a strong background in mathematics and science. Currently, he is in his last year of college courses, working towards a B.S. in business finance with a minor in philosophy already completed.

**George Ehrlinger, BS, MS** has always had a strong interest in the sciences, a desire to have control over his own health, and a lifelong aspiration to help others. It quickly became obvious that pursuing an education in nutrition would lead him to that end. George obtained a Bachelor of Science in Biochemistry at Stony Brook University and a Master of Science in Human Nutrition at the University of Bridgeport. Soon after, he joined the Hickey Chemists team and enjoys sharing the knowledge that he's acquired with all of us as well as continuously learning under Jerry Hickey's tutelage for over five years now and counting.

**Lisa Flax, MS** earned a master of science degree in nutritional science/exercise physiology. She provides counseling in nutrition, exercise, and weight control for customers of Hickey Chemists/InVite Health. Additionally, she teaches fitness classes at a local health club and conducts personal fitness training sessions for a limited number of private clients. She was recently featured in Newsday for creating a new type of fitness class called "stepped up kick-boxing," and worked as a master fitness instructor, hosting workshops to instruct other fitness professionals in stepped-up kick-boxing techniques.

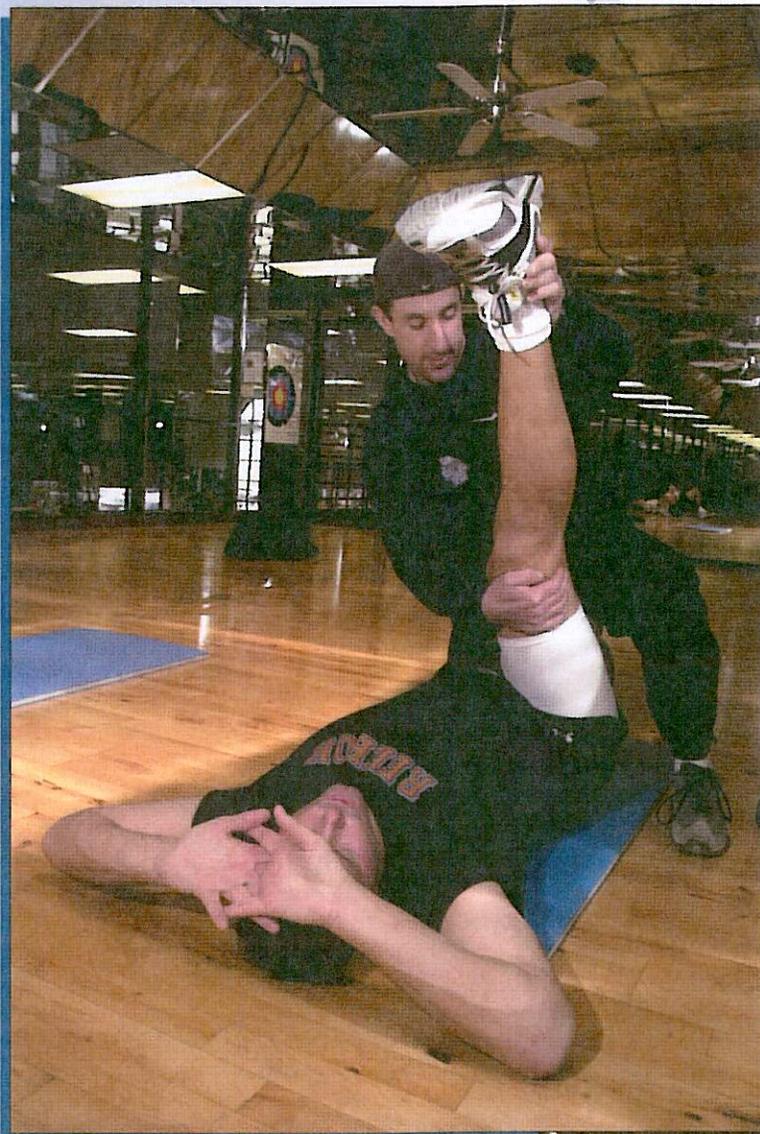

**Archana Gogna, MS, CNS, MBA** is a skilled Certified Nutritional Specialist who has conducted hundreds of personal consultations for Hickey Chemists clients over the past five years. She is the recipient of both an MS degree in Human Nutrition and an MBA in Information Systems. An established lecturer, she teaches a course in nutrition to the next generation of culinary professionals at the Natural Gourmet Cookery School. Archana has conducted extensive clinical consultations in the areas of chronic fatigue, diabetes, yeast infections, allergies, gastrointestinal problems and much more.

**Dr. Gerald Goldberg** is a traditionally trained internist who was in private practice for over 25 years. He has additionally trained in Chinese medicine, Ayurvedic medicine, herbology, homeopathy, aromatherapy, massage and rehabilitative therapies, clinical nutrition and energetic medicine. He has published articles, appeared regularly in the media, and is a regular radio host on Hickey Chemist radio shows. He is interested in integrative and restorative medicine. He believes that the body can heal itself if given the appropriate tools with which to do it.

**Samuel Mizrahi, R.Ph.**, Homeopathic Pharmacist, Nutritional Consultant, Advanced Clinical Hypnotherapist, Certified Release Therapist. Mr. Mizrahi has spent his entire career in the pursuit of bringing forth a more expansive perspective on our model of healing. His studies have included an eclectic array of influences over the past 25 years. Homeopathy has been the modality he has longest relied upon. His other influences range from teachings in the fields of Transpersonal Psychotherapy to Native American Shamanism and Eastern Mystics.

### Brian McNamee, Ph.D

*Member, Hickey Chemists  
Scientific Advisory Board*

Dr. Brian McNamee's dynamic physical performance program has been profiled nationally on CBS' 60 Minutes, in the The New York Times, New York Post and numerous other media outlets. Dr. McNamee, former Strength & Conditioning Coach / New York Yankees, is widely recognized for his work with Roger Clemens, Andy Pettitte, Jorge Posada, Mike Stanton and many other star athletes. These major league players rely heavily on Dr. McNamee's program to keep them injury free while performing at the highest level.
